

ACME BUSINESS ASSOCIATION

"The Acme Business Association exists to promote and protect the business community in Acme Township"

Acme Business Association

Greetings to all, The Acme Business Association was formed in January of 2009 with its goals and intent unwavering. Our vision as a association is to promote and protect the business community along with exploring innovative ways to promote Acme and its resources to increase awareness of what Acme has to offer. Our members are a well organized diverse group of business men and woman dedicated to the entrepreneurial spirit and preservation of businesses in Acme.

As we move forward together as an association thinking of business and citizens of this vibrant community, we support new developments and the doors they will open along with employment opportunities new developments will offer. As members of the ABA we are not insensitive to the needs and wants of this our community, we understand and are also in full support of protecting and preserving, and the restoration of watersheds, natural resources, landscapes and wild life corridors.

We invite your involvement in our community events, fundraising efforts and social affairs and encourage you to express your ideas and concerns of and for this community. I challenge you to seek out and understand the importance of this community to work in synergy with all identities to make Acme Township a great place to live, work, play, and visit.

Thank You the ACME BUSINESS ASSOCIATION
